The Honorable James A. Baker III
Chief of Staff to the President
The White House
Washington, D.C. 20500

Dear Jim,

This was hand delivered to me from the Chairman of the House Intelligence Committee. Stoessel is testifying on this before the Senate Committee and I understand he is appearing before the House Intelligence Committee next week. This comes from the Chairman and the Democratic Members.

If the time can be found, I think it would be well to have them in for a short visit. Boland is cooperative and constructive and has a lot of clout in the House. At a minimum, he should get a call from you so that he knows I delivered the message and at least knows that his request is getting high-level attention at the White House.

Yours,

WJ Casey
